EDUCATION

SECONDARY SCHOOL

Laduma High School

2011 - 2014

TERTIARY QUALIFICATION

WeThinkCode_

2023 - 2024

SKILLS

Automated Testing

Manual Testing

Web Application Design

Design Thinking

Front End Coding (HTML, CSS, JS)

Backend Tech (Procedural programming, OOP, Java,

C#/.Net, Python, Javalin, SQLite)

Problem-Solving

Project Management Tools

Strong Communication

KEY ACHIEVEMENTS

Hackerthon Runner-up

My team won second place in a hackathon where we were assigned to design a web app that shows the user where Mukuru's payout partner are located.

Pac-Man project

Built a pac-man game in an attempt to learn to build a full-stack application and learn how to use algorithms

PRINCESS HLANGU

SOFTWARE DEVELOPER | MATHEMATICS TUTOR

SUMMARY

My strong growth mindset has landed me in the tech space. I've spent the past 13 months immersed in the practical exploration of programming. Throughout my journey, I've relentlessly prioritized learning the skill despite all challenges. It's been an exciting journey and I am even more curious about the prospects of the digital revolution.

EXPERIENCE

MATHEMATICS TUTOR

Master Maths

2021 Sept - 2022 Aug | 2024 Jan - Present

I work with learners from grade 4 to 12. helping them to improve their maths marks. I have recently expanded my role tutoring learners from grade 4 to 7 literacy.

TILL OPERATOR

Woolworths

2017 Aug - 2018 Feb | 2022 Dec - 2023 Jan

I worked at the till processing customer transactions. I promoted some items and educated customers about some of the products and services that the company sold.
